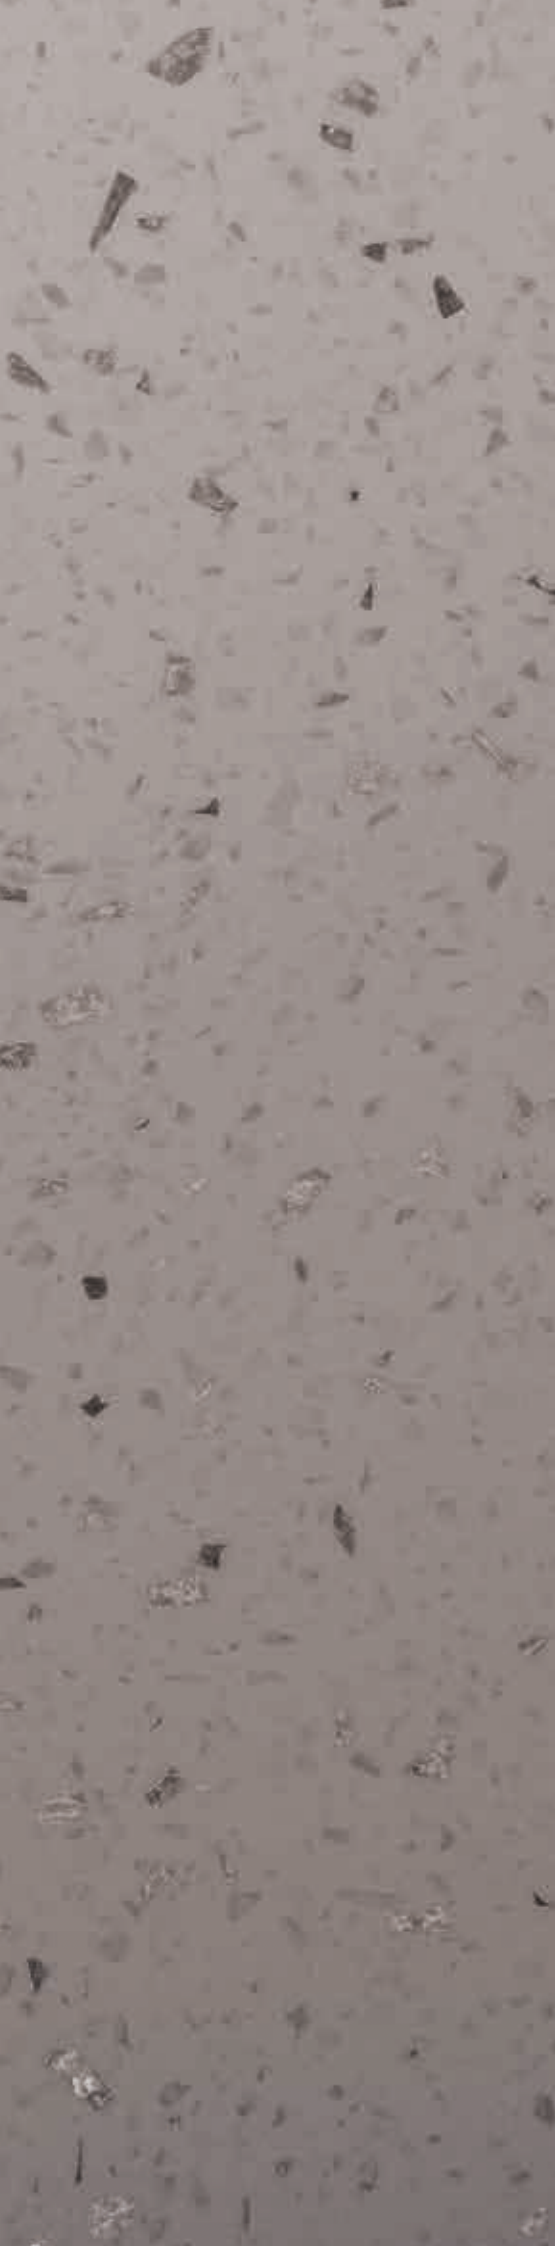
Fall in love with snappy design

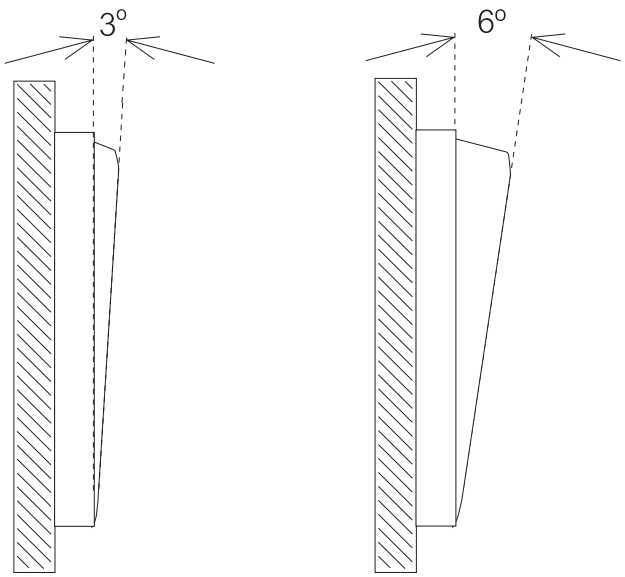


Find your perfect match

Truly innovative and exceptionally stylish – that's AvatarOn.

An exquisite combination of functionality and style, the AvatarOn range features wiring devices for all your home needs and perfectly complements any interior decor.

With their sleek, frameless build, the AvatarOn switches fit snugly to the wall, while the easily changeable, snap-on covers allow for quick customization of the devices' look.



MECHANISM

Ingenious technology

Thanks to our patented "Slim Rocker, Sure Click" technology, AvatarOn devices are not only elegantly thin, but also safer and more reliable.

iF DESIGN AWARD 2017

Award-winning design

AvatarOn garnered one of the world's most authoritative and reputable industrial design trophies, the iF Design Award 2017.

Let your imagination run wild

Treat the glossy surface of AvatarOn as your canvas. Choose from an array of finishings to find a cover matching your interior or adorn the device with a favorite pattern or photo.

Design your cover in just a few clicks using a dedicated online order platform. Your personalized design will then be printed in high-resolution digital technology, ensuring clear details and long-lasting colors.

With the easy-to-mount and customize AvatarOn covers, you can change the look of your devices any time you want, without any hassle.

Designed for ease of personalization, AvatarOn switches have innovative, **customizable covers** that can be removed and mounted with just one hand.

A release indicator makes it easy to fit the cover into place

Savor the details

More than just a switch

Have you ever struggled to fi nd a switch in the dark? Choose the AvatarOn device with a clever soft LED locator.
Unobtrusive by day, the fl uorescent white glow indicates the switch's location at night, subtly emphasizing its aesthetics.
The AvatarOn range also features a variety of helpful accessories, including a key holder and a mobile phone stand, designed for everyday convenience.

Lasting looks
AvatarOn has no elements that are diffi cult to clean, so your wiring devices will keep both their looks and functionality over time.

Multiple-gang frames keep rooms tidy, while comfortably meeting power requirements

Wiser Smart Home Architecture

Wiser Smart Home is the best in class solution available for home owners who want an easy to understand and operate home automation setup. The system architecture can be customized as per the needs of each customer.
Quick and easy commissioning and installation is possible via an app or web interface.

Wiser Zigbee/IP Gateway

Wiser Zigbee/IP Gateway is a patented Schneider Electric technology.
The Wiser ZigBee/IP Gateway is the heart of the system that connects multiple devices and lets you manage them through an easy to use Wiser by SE app. It achieves elaborate operations with ease and simplicity. It provides access to a PC or smartphone when connected via Wifi or Ethernet. The Wiser ZigBee/IP Gateway interacts with the devices enabled with ZigBee 3.0.

Zigbee enabled devices are seamlessly connected to the home automation network, enabling longevity of battery life of the connected devices.

The Wiser Smart home becomes an indispensable part of your daily life offering you comfort, desired ambience, safety and security at the tip of your fingers.

Comfort

Set up a comfortable temperature across your home or in individual rooms. You can automate the room temperature based on your daily routines and trigger the same action repetitively through moments created in Wiser by SE app.

Ambience

Your perfect environment calls for mood based light settings. With Wiser Smart Home you not only switch and dim lights in the conventional sense but also call up predefined dimming values and light scenes. Furthermore, you can control lights individually or as a group.

Safety

Your safety is taken care of with Wiser Smart Home systems. Get notified of unauthorized presence at your home, with your motion sensors keeping a watch, while you are away. The water leakage sensors are sensitive enough to detect anything from small trickles to large leaks and notify the customer by sounding an alarm and through notifications on Wiser by SE app.

Security

Wiser Smart Home offers integration with any third-party Door Entry System (DES) to offer maximum protection against unauthorized entry. The door/window sensors immediately notify the customer if a door/window has been opened or closed. These simple yet effective features create a secure and peaceful home environment.

Design

- Adapted the unique glossy surface of the AvatarOn faceplate design for light, curtain, dimmer switches and freelocates
- Availability of the wall mounted switches and freelocates in White and Champagne Gold colors.
- Dual colors LED indicators can be customized to match the décor of your homes.
- The backlight LEDs are dimmable and can be set to desired lumen levels, lowering overall power consumption.
- Improved LED performance with a 3-wired installation
- Patented changeable icons on Freelocates.
